3029-1

My daughter,
The world is in need of a
wake up call. All must join
hands + PRAY. All must work
together + live, live the gospel.
My children must wake up + let
go of their worldly ways. I say
to my children repent + amend
your ways. Get down on your
knees + pray. Give up your
life style + live, live more simply.
Please return to prayer for
the earth is trembling now.
Pick up your cross + follow
Jesus or you will see darker
days. Darker days will come if
you allow the government to
control your lives. Please wake
up + listen to my heavenly pleas.
Obey all of Gods commandments +
do penance for your sins. If
you truly want to be led back
to my son than PRAY + be obedient
to each commandment. Cherish
life + love, love one another.
Be pure, humble vessels for Jesus.
